## **CORRIGENDUM**

### **The effectiveness of twice versus once-only membrane sweeping among uncomplicated primi gravidae at 40 weeks of gestation – A randomized controlled trial – CORRIGENDUM**

DOI: <http://doi.org/10.4038/sljog.v40i4.7869>, First published on line on 4<sup>th</sup>, December 2018.

The sentence at the beginning of the second chapter on page 82 should read

Mean duration from recruitment to the delivery time in the intervention and control groups were 4.13 (SD=1.17) and 5.0 (SD=1.13) days respectively, which showed significant difference (p=0.001).
