

A message from the Editor in Chief

Leadership is not wielding authority – it is empowering people

– Becky Brodin

I am happy to send a message for the second publication of the *Sri Lanka Journal of Obstetrics and Gynaecology* under my Editorial tenure. This is the last issue for the year 2021 (Volume 43, Number 4).

My primary goal as the editor-in-chief is to certify that the *Sri Lanka Journal of Obstetrics and Gynaecology* remains flexible in attending to the rapidly changing scientific communication landscape, while also maintaining and growing the high standards of academic excellence for which, the Journal is known. By steadily introducing initiatives to the editorial and review processes, I believe the *Sri Lanka Journal of Obstetrics and Gynaecology* will further develop as a flagship for communicating Obstetrics and Gynaecology research while successfully meeting the evolving needs of the readers.

As always, my top priority, and that of our renowned editorial board, is ensuring that *SLJOG* continues each quarter to publish novel research that will advance our field.

I am dedicated to leading the board's mission in providing authors with a productive, independent, and timely review experience.

I sincerely hope that all Obstetricians and Gynaecologists will readily access the *Sri Lanka Journal of Obstetrics and Gynaecology* for the insightful and stimulating science that will shape our future and lead the way to extraordinary discoveries in Obstetrics and Gynaecology.

Also, I would like to mention that a new Research Facilitating Centre (RFC) is going to be inaugurated at the SLCOG in order to facilitate all kinds of research work and you will be notified about the RFC in due course.

Best Wishes!

Prof. Sanath Lanerolle

(MBBS, MS, FRCOG, FSLCOG, D(OBS)RCPI, FIAOG, FMAS, FICS)

Consultant Obstetrician and Gynaecologist, Castle Street Hospital for Women, Colombo 08.

**Editor in Chief,
*SLJOG***
